

# Adelaide University Soccer Club inc. Blacks

## Website Registration Form

For 2007, the new improved web home of the AUSC Blacks is <http://auscblacks.com>. Also to restrict access to the forums and private club details, all players are required to fill out a form to register as opposed to registering on-line. The website is an essential source of information and is important to check regularly for club announcements, league ladders, fixtures, match photos (a photo gallery will be added soon), and downloadable versions of club hand outs/forms. Also our website has its own forums which only club members and close associates of the club have access to. The forums are a great place to get to know each other and have a bit of fun too. Completed forms should be returned to Bilal Farooqi, if you have any questions or queries contact Bilal on 0430 311 800 or e-mail him at [bilal@auscblacks.com](mailto:bilal@auscblacks.com).

Please print clearly to insure no mistakes are made when creating your account.
